

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTION.

THE information contained in this, the first edition of N. W. AYER & SON'S AMERICAN NEWSPAPER ANNUAL, is what we promised it should be—fresh, accurate, complete.

Owing to the magnitude of the work to be done, the information was solicited and to a great extent obtained during March and April, but the work of revision has gone on steadily ever since. The entire country has been canvassed in the interim, hundreds of personal letters written, and every endeavor made to bring the information down to the latest moment—and the result of this untiring labor is that the book represents the condition of the Newspaper Press of the country as it stands to-day; and a careful examination of its contents will verify the assertion.

It is not perfect: no work of the kind can be; but we have spared neither labor nor expense to make it more nearly so than any other Newspaper Directory published.

As the work contains some features not to be found in any similar publication, a few words of explanation may not be out of place.

There are a number of papers which print one or more editions with little or no change beyond the heading, which editions have in most cases a very limited circulation, but which appear in Newspaper Directories generally as independent and distinct publications, often with excessive circulations. All such that could be traced, we have entered under the places named in the headings, referred each to the paper printing it, and appended a note to the latter enumerating all the editions of this class printed by it. The circulation affixed is the estimated aggregate circulation.

Another special feature of the work is the

ARRANGEMENT BY GEOGRAPHICAL SECTIONS.

The grouping of States in sections was adopted by us years ago in the preparation of our *Manual*; and experience having convinced us of its superiority over an alphabetical arrangement, we have adhered to it in the present work.

The object of the ANNUAL is to assist an advertiser in making a selection of papers that will best serve his purpose in the territory he desires to cover. Let us illustrate. An advertiser in Cincinnati, whose business does not embrace the entire country, or any very large portion of it, does not want to advertise in New York or Massachusetts, because those States are tributary to New York or Boston; neither does he want Pennsylvania, because that is tributary to Philadelphia. The States in which he wishes to make his selection are Ohio, Indiana, Illinois, and possibly Kentucky and Tennessee, and commencing with the two latter States, which are placed at the end of the Southern section, such is the order in which they appear in this book. Again, an advertiser in California will not want Alabama, Arkansas, Connecticut, and Delaware. He will select such States and Territories as are tributary to San Francisco. Colorado he would have near at hand in an alphabetical arrangement; but for Nebraska, Nevada, and Oregon he would have to seek the middle of the book; while for Washington and Wyoming he must go to the end. By the geographical plan he has all these in the immediate vicinity of his own State, having to turn at the most but a few pages either way to cover the entire Pacific Slope.

Advertisers desiring to use the New England, Middle, or Southern sections, find at once

all the States embraced in those divisions; while in the event of a single State only being required, a very slight knowledge of the geography of the country is needed to determine in what part of the book it is to be found. To facilitate reference, however, ample indexes and running head-lines have been freely used.

CIRCULATION.

One of the most unsatisfactory portions of a work of this kind, and one that occasions the greatest amount of anxiety, is that which treats of circulation.

We have not found this part of our labor any easier than have those who have preceded us. Whether we have succeeded better in the result of that labor remains to be proved. This much we will assert—that every opportunity has been given publishers to furnish truthful statements, careful consideration has been given to the reports received, and but one object held in view, full justice to every one. When publishers have declined or objected to make any statement, we have printed the word “decline” in the circulation column. In most instances, where the wish has been expressed or request made to leave the circulation of a paper blank, it has been done. It has also been left blank in papers established during the present year, and in some instances where the amounts claimed have in our judgment appeared excessive. In other instances of this kind we have placed our own estimate.

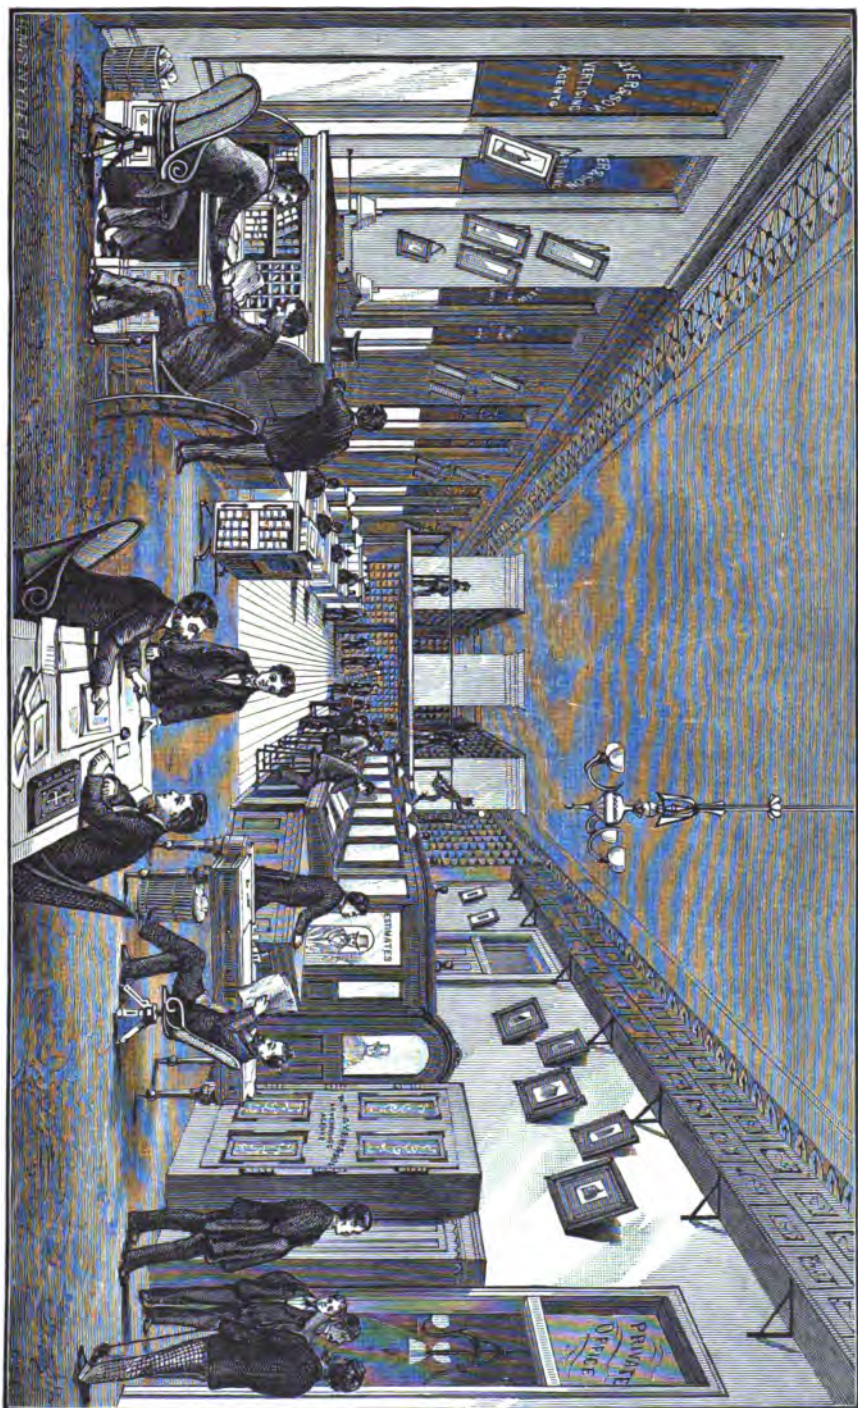

Any publisher whose circulation may have been underrated, may rely on having justice done him in future editions if he will furnish us with sufficient evidence of the truth of his statement. If we have erred in any case—and that we have is more than probable—it has been the result of want of sufficient proof, or else an error of judgment. We desire in every case to give the honest figures. *In the matter of circulation we have neither friends nor foes.*

UNITED STATES CENSUS OF 1880.

The work was nearly ready for the press at the time when the taking of the census should have been completed. We believed that if the amended populations of cities, towns, and counties could be given in the book, it would very materially enhance the value of it; and although the endeavor to obtain this information would add greatly to the expense, and delay considerably the publication of the ANNUAL, yet we believed the benefit derived would outweigh all other considerations. Application was accordingly made to a leading paper in the county-town of every county in the United States, with which was inclosed a blank form and a request to have the reports copied which had been filed in the office of the county clerk. A very generous response was made to our request. Answers more or less complete, according to the condition of the records, were received from more than half the counties, embracing a still larger percentage of towns in which papers are published. We have indicated all 1880 populations by a double-dagger (‡). While it is possible that the official count at Washington may slightly change some of these, yet they may be accepted as being generally correct. A little more time would doubtless have resulted in obtaining the populations of all or nearly all the places and counties given; but we did not think it advisable to delay publication any further. The most important points are covered; and we believe this to be the first publication to present the population of the country according to the new census in anything approaching completeness. Our thanks are due and are hereby tendered to publishers who have so kindly aided us in this direction.

HOW TO OBTAIN AN ESTIMATE.

In writing to ascertain the cost of advertising, please observe the following suggestions:

1. When possible always send copy of your advertisement. If you have no printed copy, send it in writing.

2. Mention the space you wish it to occupy in LINES or INCHES. Don't say anything about squares. The size of an advertising square varies from four lines to two and a half inches.

3. Name the papers you wish to use. If undecided on this point, state the cities and towns, or at least the particular section of country you would like to reach.

4. State the length of time you desire it inserted in the different papers.

5. In case your plans are not fully matured, it is always well to state about the amount of money you purpose expending. By so doing you will enable us to make the most suitable selection for your use, including only the best and cheapest papers to cover the ground.

Estimates free. Address

EXPLANATION.

Populations in the United States are from the Census of 1880 wherever they could be obtained, and all such are indicated by a double-dagger (§); all others are from the Census of 1870. Those marked by an asterisk (*) are of townships, and are so given because the population of the town or village was not reported separate from the township of which it forms a part.

Populations in Canada are from the Census of 1871.

All populations given as being from the Census of 1880 are believed to be copied from the lists filed by enumerators, as required by law, in the office of the clerk of the county court of their respective districts.

A statement of circulation is omitted when we have been unable to obtain any satisfactory information, when the paper was established during the current year, or when it is an advertising sheet intended mainly for gratuitous distribution, in which case the letters "adv." appear in the descriptive column. The word "decline" indicates that the publishers have declined or objected to make any statement for publication.

The circulation affixed to a paper printing editions under other headings is believed to be the approximate circulation of all editions issued by it.

Political majorities are of the presidential election of 1876.

All blank spaces, except in the circulation of papers as mentioned above, or any deviation from the regular plan of the book, is evidence of inability to obtain accurate information in time for publication.

Papers which are believed to decline general advertising are so noted.

NOTICE.

In order that the information might be brought down to the latest moment, extra pages have been inserted immediately preceeding the Newspaper Advertisements (see pages 449-452) to which attention is invited. They contain:

1. Later information of new papers, suspensions, changes, etc., received since the body of the work was printed.
2. A tabulated statement showing the number of newspapers of all issues published in the United States, Territories, and Canadian Provinces; the number of counties, cities, and towns in which papers are published, and how many of the latter are county-seats.
3. Later reports from the Census of 1880.
4. A table giving the population of cities and towns in the United States of 10,000 and upward, as shown by the recent Census, so far as reported to us, to which is added the population of each place in 1870, and the increase or decrease since that time.

The List is arranged by States in geographical order, for the convenience of advertisers who desire to cover any particular section of the country, the grouping together of neighboring States affording greater facilities for reference than an alphabetical arrangement.

In the United States, populations are of the Census of 1880, where it was possible to obtain them, and such are indicated by a double-dagger (‡). All not so marked are of the Census of 1870. Canadian populations are of the Census of 1871. The population of counties having less than 1000 has not been given.

The revision of this book for the edition of 1881 will be commenced immediately, and publishers of newspapers will confer a favor by notifying us of the establishment, suspension, or change of any papers within their knowledge, or by calling our attention to any inaccuracies in the present edition that may come to their notice.

 If you are taking one now, or expect to take one, it
 will pay you well to take the

Atlanta

Daily and Sunday

Post

There are many reasons for this:

☞ It contains as much reading as a paper costing twice the money.

☞ It contains all the local news of the day.

☞ It comes to your home in the evening, when you have plenty of time to read.

☞ It invariably contains all the local news which you get in the other Atlanta daily the next morning after it is printed in **THE DAILY POST**.

☞ The news of the day is boiled down to the smallest intelligent compass.

☞ It gives you a large amount of interesting miscellaneous reading.

☞ It contains from two to four elegant stories every week.

☞ It is interesting to the old, the middle-aged, and the young.

☞ It is the People's Paper.

☞ Everybody should read it.

Try it for a week or a month. It will surely pay you well.

THE THREE P's:

One Week.....Fifteen Cents.

One Month.....Fifty Cents.

One Year.....Five Dollars.

It has a larger circulation among planters than any other paper in the South. It is distributed from over 1000 post-offices, mainly in Texas, Louisiana, Mississippi, Alabama, Arkansas, and Florida, and is represented by over 800 active agents. It penetrates to towns and villages where no other paper is seen, and goes to about two thirds of all the post-offices in the above States. For the great cotton, rice, sugar, and tobacco regions of the country, there is no other such medium for advertisers to reach the people direct as THE ADVOCATE.

THE SUN FOR 1880.

THE SUN will deal with the events of the year 1880 in its own fashion, now pretty well understood by everybody. From January 1 until December 31 it will be conducted as a newspaper, written in the English language, and printed for the people.

As a newspaper, THE SUN believes in getting all the news of the world promptly, and presenting it in the most intelligible shape—the shape that will enable its readers to keep well abreast of the age with the least unproductive expenditure of time. The greatest interest to the greatest number—that is the law controlling its daily make up. It now has a circulation very much larger than that of any other American newspaper, and enjoys an income which it is at all times prepared to spend liberally for the benefit of its readers. People of all conditions of life and all ways of thinking buy and read THE SUN; and they all derive satisfaction of some sort from its columns, for they keep on buying and reading it.

In its comments on men and affairs, THE SUN believes that the only guide of policy should be common sense, inspired by genuine American principles and backed by honesty of purpose. For this reason it is, and will continue to be, absolutely independent of party, class, clique, organization, or interest. It is for all, but of none. It will continue to praise what is good and reprobate what is evil, taking care that its language is to the point and plain, beyond the possibility of being misunderstood. It is uninfluenced by motives that do not appear on the surface; it has no opinions to sell, save those which may be had by any purchaser with two cents. It hates injustice and rascality even more than it hates unnecessary words. It abhors frauds, pities fools, and deplores nincompoops of every species. It will continue throughout the year 1880 to chastise the first class, instruct the second, and discountenance the third. All honest men with honest convictions, whether sound or mistaken, are its friends. And THE SUN makes no bones of telling the truth to its friends and about its friends whenever occasion arises for plain speaking.

These are the principles upon which THE SUN will be conducted during the year to come.

The year 1880 will be one in which no patriotic American can afford to close his eyes to public affairs. It is impossible to exaggerate the importance of the political events which it has in store, or the necessity of resolute vigilance on the part of every citizen who desires to preserve the Government that the founders gave us. The debates and acts of Congress, the utterances of the press, the exciting contests of the Republican and Democratic parties, now nearly equal in strength throughout the country, the varying drift of public sentiment, will all bear directly and effectively upon the twenty-fourth Presidential election, to be held in November. Four years ago next November, the will of the nation, as expressed at the polls, was thwarted by an abominable conspiracy, the promoters and beneficiaries of which still hold the offices they stole. Will the crime of 1876 be repeated in 1880? The past decade of years opened with a corrupt, extravagant, and insolent Administration entrenched at Washington. THE SUN did something toward dislodging the gang and breaking its power. The same men are now intriguing to restore their leader and themselves to places from which they were driven by the indignation of the people. Will they succeed? The coming year will bring the answers to these momentous questions. THE SUN will be on hand to chronicle the facts as they are developed, and to exhibit them clearly and fearlessly in their relations to expediency and right.

Thus, with a habit of philosophical good humor in looking at the minor affairs of life, and in great things a steadfast purpose to maintain the rights of the people and the principles of the Constitution against all aggressors, THE SUN is prepared to write a truthful, instructive, and at the same time entertaining history of 1880.

Our rates of subscription remain unchanged. For the DAILY SUN, a four-page sheet of twenty eight columns, the price by mail, post paid, is 55 cents a month, or \$6.50 a year; or, including the Sunday paper, an eight-page sheet of fifty-six columns, the price is 65 cents a month, or \$7.70 a year, postage paid.

The Sunday edition of THE SUN is also furnished separately at \$1.20 a year, postage paid.

The price of the WEEKLY SUN, eight pages, fifty-six columns, is \$1 a year, postage paid. For clubs of ten sending \$10 we will send an extra copy free. Address

THE GAZETTE was established in 1859 as the champion of Quarantine Reform. It was originally known as THE SEPOY, but when it had accomplished the removal from Staten Island of the odious Yellow Fever Hospitals, and its suggestion of a Floating Hospital had been adopted by the Government, its name was changed to that which it now bears.

It has just passed under an entirely NEW MANAGEMENT, and in the short space of two months its circulation has increased over fifty per cent. Established 1878.

THE BOSTON HOTEL RECORD is published every morning (Sundays and holidays excepted) at a very early hour, and circulates to a great extent among the business community. The subscription books of the RECORD contain the names of many of the leading wholesale importing and jobbing houses of Boston, and nearly all of the manufacturing firms and corporations of New England. In addition to this, it is extensively distributed among the principal hotels of the country, and placed on file. It is gradually gaining the confidence of the people, increases in circulation every issue, is eagerly sought by travellers for information respecting friends or acquaintances, is admitted to be the only reliable daily hotel paper ever published in New England, and acknowledged to be one of the leading journals of its kind in the United States.

TERMS—DELIVERED BY MAIL OR CARRIER:
Per annum, \$8.00; semi-annually, \$5.00; quarterly, \$3.00.

No subscriptions taken for less than three months.

Advertising rates very low.

As a medium for advertising, it needs no recommendation to legitimate business men, as the special class of patrons of the RECORD is sufficient guarantee to insure a profitable and satisfactory return of the investment. For this purpose it possesses advantages that are plainly apparent to the merchants or tradesmen who wish to bring their business prominently before the public. It has no claims to an unlimited circulation, but is continually placed before a class of people who have the means to supply their wants, and not carelessly scanned and thrown aside by persons who, out of curiosity, are prompted to inspect its columns, as is the case in many of the larger dailies. To advertise in papers of this class requires nerve, confidence in the value of newspapers of large circulation as advertising mediums, and a considerable outlay of money. New advertisers are generally afraid to use them—they cost too much; but advertisers of experience never omit them from their lists.

Contract advertising in them, per thousand actual circulation, averages about a half a cent a line in the weekly editions, and from a third to a fourth of a cent per line in the daily editions, each insertion.

In Springfield, Ohio, on the 1st and 15th of every month, is issued the **FARM AND FIRESIDE**. This paper suits the popular tastes. The firm issuing it is accredited by the Mercantile Agencies with a capital of a million dollars, and is too well known and too much respected to make it worth their while to issue any statements which are not true. This paper now has a bona fide circulation exceeding one hundred thousand copies each issue. It is full of first-class business advertisements, and advertisers say that it pays them. No other agricultural publication in the United States equals this in point of actual circulation.

As a rule Farmers subscribe for but one paper; therefore our Immense Subscription List cannot be reached by any other medium.

A LARGE DAILY

ISSUING A MORNING AND EVENING

AND WEEKLY EDITION.

Is published in the most Prosperous and Progressive Sea-Port in the South, the Terminus of the Great System of Combined Railroads leading from the Cities of the North-West to the Ocean.

Savannah is the financial and commercial center for the South Atlantic Cotton States, the actual receipts for this season to date (June, 1880), being 728,206 bales of cotton. It is also a very important market for *naval stores* and *rice*, a large *lumber* and *timber* shipping port, and pre-eminently the distributing business center for supplying the wants of the population of Georgia and Florida—having a monopoly of the trade along the inland coast-line of Southern Georgia and Florida—and a portion of the trade of South Carolina along the Savannah River.

The Savannah Morning News (established 1850), (successor to the Savannah Daily Herald, Savannah News and Herald, the Savannah Republican, and the Savannah Daily Advertiser, is the most widely circulated and influential newspaper published between Baltimore and New Orleans, having special correspondents at the various centres of political and commercial importance throughout the South, using the telegraph liberally, and making itself indispensable to the public by the fullness of its news and the importance of its discussion of all questions of public interest. It is not only indispensable to the people of Savannah, but it has a thoroughly general circulation among all classes on the lines of all the railroads within reach of a daily mail.

Daily and Weekly Nonpareil

Circulation of DAILY, 2000; WEEKLY, 5000.

Published at Council Bluffs, Iowa, the distributing point of
the Western half of the State, the terminus and radiating point of
eight trunk lines of railway: Chicago and Northwestern; Chicago,
Rock Island and Pacific; Chicago, Burlington and Quincy; Kansas
City, St. Joseph and Council Bluffs; Sioux City and Pacific; Wabash,
St. Louis and Pacific; Burlington and Missouri River of Nebraska;
and Union Pacific. Trains on each of these roads leave Council Bluffs
early each morning, going northeast, southeast, south, south-east,
and west, traversing fine and rapidly settling agricultural districts,
containing hundreds of thrifty towns, each the business center of
the territory contiguous. For at least a hundred miles on each of
these lines of railway, THE DAILY NONPAREIL is taken by the
merchants, bankers, produce dealers, and other business men of the
towns referred to, it bringing them, in consequence of its being the
only paper in Southwestern Iowa belonging to the Associated Press
and publishing the telegraphic news, market reports, and com-
mercial intelligence, from twelve to twenty-four hours in advance
of any other journal. This, together with the further fact that
THE NONPAREIL is the oldest paper in Western Iowa, having been
established as a Weekly in 1854, and as a Daily in 1861, has given it
a circulation exceeding that of all the other papers published in
the city combined (eight in number). Its circulation has the
further merit of being among the class of men advertisers especially
desire to reach, the business men and farmers of a prosperous and
rapidly growing section. N. W. AYER & SON, Agents.

ARTHUR N. DERR, EDITOR AND PROPRIETOR. Subscription only \$1.50 per annum; Advertising rates extremely low. Established May 23d, 1878; Wednesdays; Democratic; four pages, size 22x30.

Very wide and rapidly increasing circulation through South-western Virginia—a section devoted almost exclusively to the culture of tobacco and wheat. Merchants and manufacturers who desire to reach, directly, this class of planters, would do well to place their advertisements in the News, which also visits more country merchants, it is safe to say, than any other publication that comes to South-western Virginia. The News is the only newspaper in Big Lick—a flourishing commercial and manufacturing town which forms the central market and shipping point for several of the largest grain and tobacco producing counties in the state. Gold mines have just been discovered in an adjoining county. *Ergo* if you would reach planters, millers, miners, merchants and manufacturers, send your advertisements to the News.

A Member of an Old-Established Boston Business House bears the following testimony to the efficiency and value of our Local Papers as Advertising Mediums:

"We have renewedly used the advertising columns of your list of twelve papers with very satisfactory results. Until we gave this group of papers a trial, we were never able to reach with our local advertising the very populous and wealthy section of the State stretching from Waltham on the east to Worcester on the west. This territory, lying partly in Middlesex County and partly along the eastern edge of Worcester County, seems to be off the main trunk-lines of travel, and largely outside the reach of any journals except your own. We shall doubtless advertise quite freely in the twelve papers in the future. We have no fault to find with your advertising rates as quoted."

✓ We shall be pleased to insert advertising for you at very low rates. Address

- First:** They are taken by the most cultivated, liberal, and enterprising class of people.
Second: They are thoroughly read, and usually carefully preserved.
Third: The number of readers is not limited to the members of one family, but frequently includes a whole neighborhood.
Fourth: The advertising pages are few; and the advertisements being attractively displayed and conspicuously located, are more likely to arrest the attention of the reader.

WHAT ADVERTISERS THINK OF MAGAZINE ADVERTISING:

From **G. & C. MERRIAM**, Publishers of Webster's Dictionary, Springfield, Mass.
 Your selection of Magazines for advertising is an admirable one, embracing, as it does, a large number of the best conducted and most widely circulated in the country. We find the list one of our best mediums for advertising.

From **QUAKER CITY STENCIL WORKS**, Philadelphia.
 I have tried all methods of advertising, and find that the Magazines bring me better returns from all sections of the country than newspapers, and think them the best mediums, especially for articles generally purchased and used by the ladies.

From **S. BRAINERD'S SONS**, Music Publishers, Cleveland, Ohio.
 We consider your Magazine List the best and cheapest advertising medium in the country.

From **JAMES VICK**, Florist and Seedsman, Rochester, N. Y.
 I have always found the Magazines the very best mediums for advertising my business.

From **J. W. COLTON**, Manufacturer of Flavoring Extracts, Westfield, Mass.
 I think Magazine Advertising, taking your List of Twenty-Five Leading Magazines, a very valuable medium to reach the homes and an appreciative class of patrons.

From **KNOX MORGAN'S SONS**, Soap Manufacturers, New York.
 Our experience with your List of Magazines during the two years past has been eminently satisfactory; and regarding it as the best, we unhesitatingly commend it to advertisers wishing to reach the better, i. e. profitable class of readers.

From **JOHN F. HENRY**, Wholesale Drug House, New York.
 I have advertised several times in your List of Magazines, and am happy to say that I consider them among the best mediums for reaching the better classes of society and ladies and gentlemen of culture generally. In consideration of the very large aggregated circulation, the rates you have established I regard as very low indeed.

If you do not wish the entire list, select such as you want, and send for an estimate. Orders received through any responsible advertising agency. Address **J. WALTER THOMPSON, 39 Park Row, New York.**

The Housekeeper

A JOURNAL OF DOMESTIC ECONOMY,

PUBLISHED AT

MINNEAPOLIS, MINNESOTA.

TO ADVERTISERS:

This popular monthly, which is now in its third volume, has reached a regular circulation of over 23,000 copies, widely distributed, and reaches families who are able to take a paper devoted especially to Domestic Economy, and consequently able to buy other articles which contribute to the culture, the health, or the comfort of the family.

The following certificate speaks for itself:

POSTMASTER'S CERTIFICATE.

POST-OFFICE, MINNEAPOLIS, MINN.,
April 23d, 1880.

TO WHOM IT MAY CONCERN:—I have had charge of the distribution of THE HOUSEKEEPER for the outgoing mail since its publication was begun, and know that its circulation has steadily and rapidly increased. From a careful weighing of the April edition, I am certain that over 23,000 copies were mailed. The average circulation through the past year has been more than 20,000 copies per month.

R. L. WOODWORTH,
Supt. Mailing Department.

To correct the impression that many have that a paper published in the Northwest must have only a local circulation, we give the number of post-offices in each section, to each of which from one copy to three hundred are sent to regular subscribers:

EASTERN STATES.....	496
MIDDLE STATES.....	501
SOUTHERN STATES.....	649
WESTERN STATES.....	1845

NEW YORK.

**In the Interest of Nationality and a Strong
Central Government:**

A Government—not "Servants of the People."

No North! No South! No East! No West!

One Nation and One Government!

THE ERA is an eight-page weekly newspaper, of a convenient size, for which the subscription price is \$3.00 a year, postage prepaid.

Agents and clubs will be afforded special rates on applying for sample copies.

THE ERA goes into every State in the Union, and offers an admirable medium for advertisers, since it is framed to suit the necessities both of families and business men.

A FEW SELECTIONS FROM PRESS NOTICES:

From The New York Herald:

Frank H. Norton, formerly of *The Commercial Advertiser*, and at one time assistant librarian in the Astor Library, has purchased THE ERA, and bids fair to make it a compact and well-digested record of the news of the world, spiced with pithy comment.

From The New York World:

Frank H. Norton, formerly of *The Commercial Advertiser*, and librarian at the Astor Library, has purchased THE ERA, which he will edit in future. The paper, which is in its twenty-sixth volume, so to speak, has been changed in form and improved in many respects.

From The New York Mail:

We congratulate the readers of THE ERA on the fact that it is now edited by Mr. Frank H. Norton, a journalist of experience and a gentleman of rare culture. THE ERA under his editorship shows his ability to make it an independent, interesting, lively, and readable paper. Its tone is pure; its discussions of public affairs are able; and its selections show excellent taste.

From The New York Commercial Advertiser:

THE ERA, the weekly newspaper which was established in this city in 1855, has lately passed into the possession of Mr. Frank H. Norton, the well-known journalist of this city, who has instituted a number of changes that can not fail to be appreciated. Mr. Norton is an industrious, painstaking journalist, and under his management no doubt will increase the circulation of THE ERA.

From The Home Journal:

Frank H. Norton, a journalist and writer of experience and ability, has become editor and owner of THE ERA, and has set to work in earnest to make it a useful, live newspaper. His aim is to give it a special feature in the condensed news of the week, summarizing all intelligence—cable, domestic, and local—up to the hour of going to press. Literary, dramatic, and musical criticism, markets, finance, and fashion will also receive particular attention. THE ERA is published weekly, in eight-page form, for two dollars a year.

A special feature of THE ERA is its "Condensed News of the Week," which summarizes all intelligence—cable, domestic, and local—for the week preceding publication.

Special attention is paid to Book Reviews, Dramatic and Musical Criticism, Choice Selections, Fashions—all of these departments being in expert hands.

Staunton Spectator

PUBLISHED EVERY TUESDAY MORNING AT

STAUNTON, AUGUSTA CO., VA.

**The Best Advertising Medium in the Interior
of the State.**

AUGUSTA COUNTY has a thrifty agricultural and manufacturing population of upward of 30,000. The lands are very fertile and productive; and it is by far the most populous and wealthy section of the great Valley of Virginia.

STAUNTON is the county-seat of Augusta, having a population of upward of 8,000, and a very large adjacent population not now embraced within the city limits. It is noted for its fine female colleges of very high grade, which are attended by about 500 young ladies from States all over the Union; the graded public schools and other male and female schools of high grade. It is also the seat of two of the principal state institutions—the Western Lunatic Asylum and the Institution for the Deaf and the Blind—two national banks doing a business of over \$1,000,000, iron foundries, machine shops, door, sash, and blind factories, etc. The Valley Railroad, a branch of the Baltimore and Ohio, intersects the Chesapeake and Ohio Grand Trough Line at this point.

THE SPECTATOR was the first paper established at this place nearly a century ago, and it is now in its fifty-fifth volume under its present title. Its list of subscribers is larger than that of any other paper west of the Blue Ridge; and it is therefore the best advertising medium in the Valley of Virginia or in West Virginia.

Merchants, tradesmen, and others wishing to call the attention of the public to their business, will promote their interests by adopting THE SPECTATOR as the medium of communication. Address

Hartford Herald

HARTFORD, KY.

BARRETT & BROTHER, PUBLISHERS.

Democratic. Circulation 2000.

Established 1875.

Size 26 x 40; 4 pp; eight columns. Only paper published in the county. Three adjoining counties have no paper. An excellent advertising medium; terms reasonable. As to circulation, influence, and reliability, do not take the word of the publishers, but read the certificates of the following disinterested officials of the county in which it is published:

HARTFORD, KY., June 1st, 1880.

This is to certify that as postmaster of Hartford I have very good opportunities of ascertaining the circulation of THE HERALD, as nearly all of the papers issued to subscribers in or out of the county pass through this office. My predecessor, Judge C. J. Lawton, in March, 1879, certified that the circulation of THE HERALD was then not less than 1800. I became postmaster in July, 1879, and know beyond doubt that the circulation has increased since then, exactly how much I could not say, but think about 200. This is a large county in area and population, having considerable mining interests, fifteen thriving little villages and towns, and sixteen post-offices. I regard THE HERALD as a good advertising medium, it having the reputation of being a reliable, progressive newspaper. B. P. ROWE, Postmaster, Hartford, Ky.

Having good facilities for ascertaining, I would estimate the circulation of THE HERALD to be between 1800 and 2000 copies. I make this estimate free and unbiased from any suggestion from the publishers. I deem it a good advertising medium, it having the confidence and good opinion of its readers. C. W. PHILLIPS, Sheriff.

We concur in the statements of Mr. C. W. Phillips.

S. P. TAYLOR, Deputy Sheriff.

A. B. BAIRD, Common School Commissioner.

S. L. FULKERSON, Deputy Sheriff.

I regard THE HERALD as a reliable, newsworthy paper, one having the confidence of the public. Free from any suggestion from the publishers, I would estimate the circulation to be about 2000 copies.

Kansas City **Times**

Is a Western Newspaper enjoying a larger daily and weekly circulation than all Omaha, St. Joseph, Atchison, Leavenworth, and Topeka papers combined—a statement that can be verified at any time by personal inspection of our subscription books and subscription lists, and by a visit to our press-rooms where the paper is printed.

It is the only paper between St. Louis and San Francisco printed on a Four Cylinder Hoe Press, and with two or three exceptions the only paper in the West that throws open the doors of its press-rooms to the public, where its mammoth weekly edition of 34,500 copies is printed.

We are prepared to substantiate our claim as to circulation, and can refer to over two hundred general advertisers in the East who will recommend it as a superior advertising medium.

Weekly Commercial

Has a circulation of 2200 copies, scattered thoroughly over twenty counties of East Tennessee and the northern portions of Alabama and Georgia. With one exception the only Republican paper in lower East Tennessee, it enjoys a circulation and influence which is constantly increasing. Its list comprises over 400 post-offices. Liberal in tone, careful in its market reports of the great grain-distributing point where it is located, it has the confidence and patronage of all parties, and is one of the cheapest and most valuable papers to advertisers in Tennessee. It is neatly printed, and a look at its columns, well filled with home advertisements, is the best proof of its value to advertisers elsewhere.

Erie County Reporter

The REPORTER is the only paper in the eastern portion of Erie County. It is published for three places—Huron, Vermillion, and Berlin, the two former having a population of 1800 each. Each place has one page of the paper—which is a six-column quarto—devoted exclusively to the local gossip and advertising of that place, a large head title enabling a person to find each department at a glance. As will be seen, this is of great advantage to advertisers, who get a large circulation in each place, or, if desired, their advertisement will be inserted on one or two pages.

Hillsdale County Gazette

PUBLISHED WEEKLY AT JONESVILLE, MICH.,

Was started in March, 1878, on purely "root-hog-or-die" principles—that is, for the town! The publisher, James I. Dennis, had been for two years from the helm of the Newspaper business in the place, when it became evident to his "eagle-eye" that something must be done to save "sweet home." Every manufacturing industry had stopped, and the place was fast becoming a business grave-yard, so to speak. "The masses" beset the old publisher by day and by night to save the place, (it's a fact,) when, as before stated, the GAZETTE started. A flattering subscription list came to him spontaneously, (for "30 days' time" was all that was necessary to announce to get the name of every dead-beat in the land.) To-day everything is "booming." The GAZETTE has gladdened the hearts of thousands. Every industry is reviving, and when they get the CHEAP ADVERTISING RATES of the GAZETTE, they voluntarily exclaim, Eureka! This feature of the paper is made a SPECIALTY.

The circulation is not given, from the fact that ere this publication is issued its circulation may reach double its present number.

Politically, the GAZETTE's sympathy is with "the under dog in the fight," yet its publisher is bound by no ambitious tie to any party further than a scrupulous eye for truth and virtue dictates; trusts in God, and goes it blind religiously.

Subscription, \$1.00 per year.

Jackson Standard

PUBLISHED AT JACKSON, JACKSON CO., OHIO.

EVERY THURSDAY.

D. & J. H. MACKLEY, EDITORS AND PUBLISHERS.

THE STANDARD is printed on a new press and from entirely new type.

It has a large circulation in the Iron Region of Southern Ohio, and is a good advertising medium.

Three railroads now run through Jackson County, and a very large business is done in mining coal and manufacturing pig-iron.

[The average circulation of THE STANDARD for the past five years has been 1728. During political campaigns it runs up to about 2200 each year.]

THIRTY-THIRD YEAR.

BROOKLYN

DAILY

TIMES

No. 24 and 26 BROADWAY,

BROOKLYN, N. Y.

A Solid Newspaper Growth.

From THE NEW YORK TELEGRAM, Feb. 2, 1880.

No paper that has lived in a community for thirty-three years can be said to be without a history, without a title to respect, without a value as a measure of the social forces which animate and mould that community. Were THE BROOKLYN DAILY TIMES to-day only what it was up to the period of ten years ago, it would be still well worthy of a place in a series of sketches on American journalism. It happens, however, that no daily paper in this country has made more steady or more wonderful strides within the past ten years than THE BROOKLYN DAILY TIMES. Other journals date the era of their modern development to the American civil war. Since the excitement and inflation of war times, nearly all American newspapers have labored heavily in their struggle to keep appearances up to the mark of vanished war circulations and flush times—and not a few have gone down. The prosperity of THE BROOKLYN TIMES is upon a surer basis. The way in which it has kept pace with the remarkable growth of the Eastern District of Brooklyn in population and resources is entertainingly told in *The Telegram's* article elsewhere. Brooklyn is to be congratulated upon having so flourishing a newspaper; and the circulation and patronage of THE TIMES show that Brooklyn people appreciate the advantages of having a newspaper publisher who adequately reflects their enterprise.

The New Jerusalem Messenger

IS A WEEKLY PERIODICAL,

Devoted to the exposition of the doctrines of Christianity as expounded in the writings of Emanuel Swedenborg. It is a quarto of sixteen pages, of which fourteen pages consist of original matter, and two are given to advertisements—mostly of New Church publications. It is the largest, and, until the "Morning Light" was recently started in England, the only weekly publication in the world devoted to these objects.

Many cannot, until they become accustomed to Swedenborg's style, and familiar with some of the fundamental principles of his teachings, understand his books. They do not comprehend his lofty ideas until they are expressed in more modern phraseology. The Messenger is especially adapted to meet the wants of such persons, interpreting the language of Swedenborg's writings, and presenting his ideas in accordance with our modern modes of expression. The comprehension of the teachings of this writer is well worthy the study and endeavor of every one. In them will be found the presentation of the purest spiritual thought and the highest spiritual life.

Subscriptions to the Messenger are \$3.20 a year. Specimen numbers, five cents. Subscription for any clergyman, \$1.70. Subscription for extra copies to be distributed gratuitously, \$1.70. Advertisements, five cents per line. Is published at

Manchester Weekly Times

A THOROUGHLY INDEPENDENT FAMILY PAPER. THE FAVORITE OF BOTH PARTIES.

A LARGE THIRTY-TWO COLUMN FOLIO!

THE TIMES, from its independent platform, is one of the most popular papers in the State. Debarring all matter bordering on sensationalism from its columns; always outspoken and impartial in its dealings; bound by no party ties, it is welcome in the home circle as

One of the Best, Purest-Toned, and Most Fearlessly Outspoken Family Papers in New England.

Nearly an entire page is devoted to the interests of Veteran Soldiers, filled with historical sketches, personal reminiscences, camp-fire recitals, etc., while the first page is devoted to choice selections of literature, poetry, science, etc., all tending to make THE TIMES at once a source of pleasure and profitable reading for the home circle.

To substantiate our remarks, we quote a few extracts from some of the letters we are constantly receiving, showing conclusively the true

STANDING OF THE "TIMES."

From Hon. H. W. BLAIR, U. S. Senator.

EVERETT BROTHERS:

Your stories of army life are not only very instructing in themselves, but they will prove most valuable sources of history. The time when they can be collected will soon be over, and you are building wisely, whether "more wisely than you knew" I can not say, of course. I hope several files of your paper will be preserved, for in years to come they will be very valuable.

From Hon. HENRY O. KENT.

EVERETT BROTHERS:

As an old editor, as well as a member of the G. A. R., I congratulate you on the very excellent paper you are making, and on the good work you are doing.

From City Marshal of Portsmouth.

I am very much pleased with your paper. Continue it right along, and consider me always as one of your veteran subscribers. The TIMES cannot be excelled.

THOS. ENTWISTLE, City Marshal.

PORTSMOUTH, N. H.

From Commander of Post No. 64, Massachusetts G. A. R.

EVERETT BROTHERS:

The circulation of the *Times* is larger, and the area covered by it a more fruitful field for the advertiser, than that of any other journal in this section of the South. Columbus, located at the head of navigation on the Chattahoochee, is the market and trading point of a very large scope of the three States of Georgia, Alabama and Florida, and the banks of the river being lined with great cotton manufactories, which have drawn hither many other manufacturing interests, has given it an impetus of prosperity that is equaled by few other cities in the South, and which is increasing its population thousands annually.

The *Times*, having at all times identified itself with the interests of the people and labored for their welfare, is a welcome visitor at their firesides, and its columns therefore a most valuable advertising medium.

THE PILOT

THE PEOPLE'S GREAT PAPER. Published Weekly, at Boston, Massachusetts.

The Standing of The Pilot may be judged by what the Press says:

Unquestionably the best of Catholic journals in this country.—*Springfield Republican*.

The leading Catholic newspaper of this country.—*Boston Transcript*.

It is conducted with rare intelligence and taste, and generally characterized by fairness and candor in its discussions of public questions.—*Boston Globe*.

It is the best arranged and newest religious paper that comes to us.—*New York Herald*.

Thank God! the honest, fearless, and incorruptible *Pilot* has never failed to interpret aright the true sentiments of our people. For thirty years it has been the only paper on this American continent that especially and faithfully represented Irish national feeling and opinion.—*South Boston Inquirer*.

The ablest and most influential Catholic newspaper in the United States.—*Concord Monitor*.

It has been for many years a beneficent power in the community, ably representing the Irish Americans, and sustaining the principles of republican government with unswerving patriotism.—*Boston Herald*.

There is no better influence with the Irish in America.—*Boston Advertiser*.

THE SHIPPING AND COMMERCIAL LIST

AND

NEW YORK PRICE CURRENT.

Conducted by SELAH C. CORNISH, is published Wednesday and Saturday mornings, at 68 William Street, corner of Cedar, New York.

Among the shipping and commercial journals of the country, so closely connected with its material prosperity, THE SHIPPING AND COMMERCIAL LIST has for nearly a century held a conspicuously influential and important position. In the commercial and maritime world, it has occupied for many years a standing as high as that occupied by *Scribner's Monthly* or *Harper's Magazine* in periodical literature; by the *New York Herald* in newspaper enterprise, or by the *London Times* in widespread and substantial influence.

For the purpose of communicating with firms connected with shipping and commercial interests, it possesses the most excellent means available. Its effective value as an advertising medium may in some measure be attested by the experience of the very many prominent business houses that have for long periods used its advertising columns with such gratifying results.

As a commercial and shipping newspaper, it aims to fill the highest standard looked for by the public.

Its shipping news is the most complete, accurate and prompt in the world.

Its market reports are the fullest and most reliable presented by any public or private authority, and are more consulted and depended on than any other.

ADVERTISE IN THE
United Presbyterian

PITTSBURGH, PA.

Circulation, 13,500 at each issue.

As its name indicates, it is published in the interests of the United Presbyterian denomination, numbering 80,000 communicants and nearly 700 preachers. There is but one other weekly in the denomination, and in influence as well as circulation, THE UNITED PRESBYTERIAN very far surpasses it. In comparison with other religious weeklies issued from Pittsburgh, it stands out prominently as the most ably edited, and largely exceeds any other in circulation. The latter fact is universally admitted, and taken in connection with the character of its circulation, makes THE UNITED PRESBYTERIAN an exceedingly desirable advertising medium. The Advertising Rates are as follows, per inch of space:

One Time, \$1.50; One Month, \$4.50; Three Months, \$13.00; Six Months, \$20.00;
 One Year, \$35.00.

A copy of the paper is sent regularly to every advertiser during the continuance of his advertisement.

From *The Pittsburgh Dispatch*.—"We are prepared to say from evidence which will not be denied when the authority is demanded, that THE UNITED PRESBYTERIAN has the largest circulation of any weekly religious or secular paper published in Pittsburgh." ADDRESS H. J. MURDOCH & CO., PUBLISHERS, 55 NINTH ST., PITTSBURGH.

Manchester Mirror and American

DAILY, THREE EDITIONS, AND

MIRROR AND FARMER, Thursdays (Republican).

JOHN B. CLARKE, EDITOR AND PROPRIETOR.

CIRCULATION, DAILY, 2,000; WEEKLY, 13,000.

Manchester has a population of 32,743, is larger than any other two cities in New Hampshire, and the MIRROR is the leading paper in the State. The weekly is the only agricultural paper in New Hampshire, and has a larger circulation than any other newspaper in New England, out of Boston. Its rate of advertising is about three-fourths of a cent a line for every thousand circulation. The daily reaches the whole city, and circulates some in the neighboring towns, and upon the cars. There is no way of reaching the city at so low a figure as through the daily—a city that pays out every month \$400,000 to its working classes, and has over eight million dollars in its savings banks. It is a live, prosperous young city, spending its money freely, not having yet arrived at the age of conservatism.

Advertisements in MIRROR AND FARMER, 10 cents a line, each insertion, or \$1.20 an inch, or \$4 an inch a year. In Daily, the same for one insertion, all editions; three insertions, \$2.25; one week, \$3.37; one year, \$30. No extra charge for unobjectionable cuts, but they must be on solid metal body. No discount from rates. Don't send orders under price.  Specimen copies sent free on application.

ADVERTISE IN THE
United Presbyterian

PITTSBURGH, PA.

Circulation, 13,500 at each issue.

As its name indicates, it is published in the interests of the United Presbyterian denomination, numbering 80,000 communicants and nearly 700 preachers. There is but one other weekly in the denomination, and in influence as well as circulation, THE UNITED PRESBYTERIAN very far surpasses it. In comparison with other religious weeklies issued from Pittsburgh, it stands out prominently as the most ably edited, and largely exceeds any other in circulation. The latter fact is universally admitted, and taken in connection with the character of its circulation, makes THE UNITED PRESBYTERIAN an exceedingly desirable advertising medium. The Advertising Rates are as follows, per inch of space:

One Time, \$1.50; One Month, \$4.50; Three Months, \$13.00; Six Months, \$30.00;
 One Year, \$35.00.

A copy of the paper is sent regularly to every advertiser during the continuance of his advertisement.

From The Pittsburgh Dispatch.—"We are prepared to say from evidence which will not be denied when the authority is demanded, that THE UNITED PRESBYTERIAN has the largest circulation of any weekly religious or secular paper published in Pittsburgh." ADDRESS H. J. MURDOCH & CO., PUBLISHERS, 55 NINTH ST., PITTSBURGH.

Manchester Mirror and American

DAILY, THREE EDITIONS, AND

MIRROR AND FARMER, Thursdays (Republican).

JOHN B. CLARKE, EDITOR AND PROPRIETOR.

CIRCULATION, DAILY, 2,000; WEEKLY, 13,000.

Manchester has a population of 32,743, is larger than any other two cities in New Hampshire, and the MIRROR is the leading paper in the State. The weekly is the only agricultural paper in New Hampshire, and has a larger circulation than any other newspaper in New England, out of Boston. Its rate of advertising is about three-fourths of a cent a line for every thousand circulation. The daily reaches the whole city, and circulates some in the neighboring towns, and upon the cars. There is no way of reaching the city at so low a figure as through the daily—a city that pays out every month \$400,000 to its working classes, and has over eight million dollars in its savings banks. It is a live, prosperous young city, spending its money freely, not having yet arrived at the age of conservatism. Advertisements in MIRROR AND FARMER, 10 cents a line, each insertion, or \$1.20 an inch, or \$4 an inch a year. In Daily, the same for one insertion, all editions; three insertions, \$2.25; one week, \$3.37; one year, \$30. No extra charge for unobjectionable cuts, but they must be on solid metal body. No discount from rates. Don't send offers under price.  Specimen copies sent free on application.

THE DAILY DEMOCRAT is the only daily paper published between Schoenectady and Utica, and is the best advertising medium to be found for Amsterdam, Port Jackson, and their vicinities.

THE AMSTERDAM WEEKLY DEMOCRAT circulates largely in the town of Amsterdam, in the surrounding country, and up and down the Mohawk Valley. It affords to advertisers an unequalled means of reaching the large population of this region, so teeming with life and industry.

THE BROADALBIN HERALD has an extensive circulation in Fulton, Saratoga, and Montgomery Counties, and furnishes advertising advantages to those desiring country and northern trade, which no other paper published in these counties can afford.

By an able and energetic corps of correspondents scattered all over the region of our widely extended circulation, and by the publication of a daily paper, we can produce the best and largest circulating weekly newspapers printed between Albany and Utica, while their advantages as an advertising medium surpass those of all other newspapers in this section of the state.

THE PIONEER PRESS

Is the greatest Newspaper in point of circulation and influence in the entire West outside of Chicago and St. Louis. Regular sworn average, over 10,500.

It is printed, folded, cut and pasted upon a Hoe Web Perfecting Press, the only machine of the kind west of Chicago or north of St. Louis.

It is an eight page seven column metropolitan paper, of the size of *The New York Times*.

It is published simultaneously in the two flourishing cities of St. Paul and Minneapolis, jointly containing, with their counties, 112,758 inhabitants, and rapidly growing.

Its special and almost exclusive field is not only Minnesota, but Northern Iowa, Western Wisconsin, Dakota, and Manitoba, embracing a population of 2,000,000 people of exceptional intelligence and energy, and in comfortable financial condition.

It is read by every one who travels on the twelve railroads radiating from St. Paul and Minneapolis, with aggregate direct connections of nearly 6,000 miles.

It is sold extensively in every town and village 200 miles south and 490 miles to the west and north, by over 370 resident news-agents.

It has more than double the circulation of any paper in the west outside of Chicago and St. Louis, and more than five times the circulation of any other paper in Minnesota. Its constituency, aside from quantity, is regarded as of a quality unusually valuable to advertisers.

Failure to employ its facilities is practical advertising abandonment of the vast fruitful, wealthy and growing northwest—a region within which advertisers need only to use the several editions of the *THE PIONEER PRESS* to accomplish their purpose.

Copies of the paper, advertising rates, estimates, etc., to any address, on application to the

PIONEER PRESS COMPANY,

St. Paul, Minn.

N. W. AYER & SON, Advertising Agents, Philadelphia.

The Minneapolis Morning Tribune

The attention of advertisers is respectfully called to the peculiar value of **THE MINNEAPOLIS MORNING TRIBUNE** as the only medium for reaching a large, intelligent, prosperous, enterprising and *buying* constituency.

As the U. S. census shows, Minneapolis is now, by many thousands, the largest city in Minnesota or west and north of Chicago and Milwaukee; it is growing faster than any other considerable city in America, and it is the principal business center of the New Northwest, which is advancing in population and wealth more rapidly and substantially than any other section of the United States.

THE TRIBUNE is a first-class metropolitan morning journal, of the same size and form as the *New York Herald*. It is the newspaper representative and exponent of Minneapolis,—the only morning paper published in this city of nearly 50,000 people, the leading Republican Daily northwest of Chicago, and has a general circulation throughout the whole of Minnesota and adjacent portions of Iowa, Wisconsin and Dakota, a region embracing an unusually intelligent population of nearly 1,500,000.

Judicious advertisers do not ignore such a constituency, or neglect to employ the best means of reaching it.

THE WEEKLY TRIBUNE AND FARMERS' UNION reaches a large and prosperous farming population in Minnesota and the Northwest. For all advertisers who wish to communicate with an agricultural constituency there is no better medium.
